FENTANYL AWARENESS CAMPAIGN EFFORT

## street drugs are contaminated with

# DEADLY FENTANYL

### UP TO 100X MORE POWERFUL THAN MORPHINE WITH A LETHAL AMOUNT BEING 2MG

An extremely powerful synthetic opioid that when ingested can result in sudden death. **There is no safe dosage of illicit fentanyl.**

## FAKE DRUGS SOLD ON THE STREET OR ONLINE LIKELY CONTAIN FENTANYL

Fake medications appear identical to legitimate prescription pills, but actually contain illicit fentanyl. They resemble Oxycotin, Percocet, Adderall, and Xanax. Don't take any pill that is not prescribed to you. **One Pill Can Kill.**

Illicit fentanyl is found mixed into all street drugs, including heroin, cocaine, marijuana and methamphetamine. **Most victims of fentanyl poisoning did not know the drug they used contained fentanyl.**

## FENTANYL IS THE MURDER DRUG

When you get caught dealing it, **you will go to jail.**
