

RECOGNIZE THE SIGNS.®

Opioid addiction can happen to anyone.
Learn to recognize the signs and
symptoms of opioid addiction.

SOME OF THE SIGNS INCLUDE:

- Taking higher doses than prescribed
- Running out of prescriptions early
- Craving one more pill or refill
- Mixing pills and alcohol
- Withdrawing from friends and family
- Taking opioids for psychological effects

**If someone you know shows signs of opioid addiction,
seek help. Call 2-1-1 for local services or treatment centers.**
